THIS MONTH'S OFFER

2022 FORD EDGE

Exterior Design

Boasting bold and athletic design, the 2022 Ford Edge is an SUV that turns heads. Expressive, aerodynamic contours sweep across its hood and sides, while a wide front grille leads the way in style. If aesthetics are your focus, you'll love what the Ford Edge ST-Line delivers, including LED signature lighting with shadowing dark bezels, 20-inch gloss black aluminum wheels, and ST-Line badging.

Other available exterior features include:

- 18-, 19-, 20-, and 21-in. wheel options
- LED configurable signature daytime running lamps
- LED tail lamps with amber turn signals and LED fog lamps
- Roof rack side rails
- Panoramic Vista Roof®
- Heated side mirrors

Interior Design & Technology

Explore the everyday inside of the well appointed and connected Ford Edge. Precise attention to detail was put into every inch of the 2022 Edge, including unique Edge ST-Line details like metallic pedals and red stitching on the steering wheel. Depending on the trim package you select, you can also choose between cloth, ActiveX™ with Miko™ inserts, unique cloth, and leather-trimmed seats, among others, to more closely match your comfort preferences.

Other available interior features include:

- 12-in. infotainment touchscreen
- Dual-zone automatic temperature control
- Auto-dimming rear view mirror
- Eight cup holders
- Heated steering wheel
- Ten-way power driver's seat

Get directions, manage vehicle controls, and access your music library via the SYNC® 4A infotainment system, standard on all 2022 Ford Edge trim packages. You can also easily access your personal contacts, and favorite songs and podcasts, by pairing your phone using Apple CarPlay®, Android Auto™, and Bluetooth®.

Other available technology features include:

- FordPass™ Connect 4G LTE Wi-Fi® hotspot
- Six-speaker audio system or B&O® sound system by Bang & Olufsen® with 12 speakers and subwoofer
- SiriusXM® Satellite Radio
- Dual headrest DVD entertainment system
- Wireless charging

2022 FORD EDGE

Engine & Performance

In the 2022 Edge, you'll have an enjoyable and engaging driving experience — the Edge is available with two spirited EcoBoost® engines for you to choose from. Because EcoBoost is a technology that perfectly blends efficiency with power, you won't have to sacrifice either benefit. Additionally, the four-cylinder engine is paired with an eight-speed automatic transmission, while the V6 engine — standard on the Edge ST — has a seven-speed automatic transmission. Lucky for you, the Ford Edge is standard with intelligent all-wheel drive (AWD), which delivers greater traction and stability over wet and icy pavement. If you're looking for towing capabilities, you can equip the Edge with the Class II Trailer Tow Package with Sway Control for a maximum towing capacity of 3,500 pounds.

Considered a performance-enhanced trim package, the Edge ST is also equipped with the Performance Brake Package — it includes front and rear vented disc brakes, unique front rotors, and Colorado Red-painted brake calipers. Other features unique to the Edge ST include a brushless radiator cooling fan, summer-only tires, performance brake pads, and vented brake shields.

ENGINE	2.0L EcoBoost I4	2.7L EcoBoost V6
HORSEPOWER	250 HP	355 HP
TORQUE	280 lb.-ft.	380 lb.-ft.
MAX. MPG (CITY / HWY)	21 / 28	19 / 25

2022 FORD EDGE

Capacity & Seating

Perfect for daily commuting, the comfortable 2022 Ford Edge seats up to five people and has a total passenger volume of 113.9 cubic feet. You can also take advantage of the spacious cargo area, offering up to 73.4 cubic feet. Creatively utilize the entire cargo space by folding down the seats of the Edge with available second row EasyFold® seats. Plus, the available hands-free, foot-activated liftgate helps you easily access the cargo area, even with your hands full.

2022 FORD EDGE

Safety Options

All 2022 Ford Edge trim packages are available with a unique set of driver assistance features, all under the Ford Co-Pilot360™ umbrella. These technologies are designed to help drivers anticipate certain traffic situations and ultimately lead to a more streamlined and secure driving experience.

Available Ford Co-Pilot360 features include:

- BLIS® (blind spot information system)
- Lane keeping system
- Pre-collision system with automatic emergency braking
- Adaptive cruise control with stop-and-go lane centering
- Evasive steering assist
- Enhanced active park assist
