2023 FORD F-150

Interior Design & Cargo Space

The 2023 Ford F-150 comes in three different cab options: the three-passenger regular cab, five- to six-passenger SuperCab, and five- to six-passenger SuperCrew® cab. In terms of pickup bed cargo space, the 5.5-foot bed has 52.8 cubic feet, the 6.5-foot bed has 62.3 cubic feet, and the 8-foot bed has 77.4 cubic feet. Additional storage space is available inside the cabin with the available UnderCover® Pivot Storage Box and fold-flat storage.

Get comfortable with your choice of seating appointments, including vinyl, cloth, and leather. An eight-way power driver's seat is standard, but certain higher trims have a ten-way power driver's seat for additional comfort.

Other available interior features include:

- Heated and ventilated front seats
- Driver's seat memory settings
- Heated rear seats
- Universal garage door opener
- Auto-dimming rear view mirror

Safety & Technology Options

The 2023 Ford F-150 is equipped with a SYNC® 4 infotainment system, with optional enhanced voice recognition and either an 8- or a 12-inch touchscreen. A 4G LTE Wi-Fi® hotspot is standard to stay connected on the go, and you can pair your phone to the infotainment system through Bluetooth®, Apple CarPlay®, or Android Auto™ to access your personalized playlists easily.

Other available technology features include:

- B&O® sound system by Bang & Olufsen® or B&O Unleashed sound system by Bang & Olufsen.
- FordPass Connect™
- 4-, 8-, or 12-in. productivity screen
- Wireless charging pad
- SiriusXM® Satellite Radio

Find peace of mind with Ford Co-Pilot360® driver assistance technologies. These innovative features help you navigate the many nuances of everyday driving. For example, the BLIS® (blind spot information system) with cross traffic alert and trailer tow coverage helps you more confidently switch lanes with a trailer. The available 360-degree camera gives you a wider scope of your surroundings.

Other Ford Co-Pilot360 technology features include:

- Pre-collision assist with automatic emergency braking
- Intelligent adaptive cruise control
- Post-collision braking
- Lane keeping system

Tow Specs

With a best-in-class towing capacity of 14,000 pounds, the 2023 Ford F-150 works hard when you need it the most. Whether you're towing a trailer, camper, or toys for your next outdoor excursion, you'll be happy to know that the F-150 has your back.

The F-150 is available with a host of towing tools and technology to make this task as simple as possible. Get towing stats with available Smart Hitch technology, and maintain proper hitching with the available Smart Trailer Tow Connector, which can inform you if what you've hitched needs attention. With available dynamic hitch assist, you can more accurately attach your trailer — a guide appears on the infotainment screen for your convenience.
