THIS MONTH'S OFFER

2022 FORD ECOSPORT

Exterior Design

Turn heads around every corner in the modernly designed 2022 Ford EcoSport, featuring uplifted curvature and a bold front grille. Available quad-beam projector headlamps and LED signature lighting brighten up the road ahead, while the variety of wheel choices — including 16- and 17-inch wheel sizes — allow you to personalize your EcoSport.

Other available exterior features include:

- Power moonroof with sunshade
- Roof rails
- Fog lamps
- Heated side mirrors
- Integrated blind spot mirrors
- Rear swing gate
- Acoustic laminated windshield

Interior Design & Technology

Built for comfort and convenience, the 2022 Ford EcoSport is sure to deliver the driving experience you're looking for. Seating materials — available depending on the trim package — include cloth, unique cloth with Orange Copper accents, and synthetic easy-to-clean ActiveX™ seating material that's flexible and durable enough for your on-the-go lifestyle.

Other available interior features include:

- Six-way power driver's seat
- Heated front seats
- Automatic temperature control
- Ice Blue® gauge cluster lighting
- Auto-dimming rear view mirror
- Leather-wrapped steering wheel
- Ambient lighting

Regarding technology features, SYNC® infotainment technology is standard on all EcoSport trims to help streamline your day. Higher trim levels offer the upgraded SYNC 3 infotainment system with an 8-inch display, Apple CarPlay®, and Android Auto™. Need help navigating a new city? The EcoSport SES and above trims have a built-in, voice-activated navigation system to lead the way!

Other available technology features include:

- FordPass Connect™ 4G LTE with Wi-Fi® hotspot
- Six- or seven-speaker audio system, or B&O sound system by Bang & Olufsen® with ten speakers and subwoofer
- SiriusXM® Satellite Radio
- Intelligent Access with push-button start

2022 FORD ECOSPORT

Engine & Performance

Enjoy sporty performance no matter which EcoSport trim package you select — it's standard with a 2.0L four-cylinder engine that's capable of 166 horsepower and 149 pound-feet of torque. Paired with it is a six-speed automatic transmission and traction-boosting intelligent four-wheel drive (4WD), plus sport-tuned suspension on the EcoSport SES. Impressively, you can tow up to 2,000 pounds in the 2022 EcoSport, and in terms of efficiency, it gets up to 23 city and 29 highway MPG.

2022 FORD ECOSPORT

Capacity & Seating

In the 2022 EcoSport, you're given seating for five people and a total passenger capacity of 91.1 cubic feet. Concerned about cargo space? The EcoSport has a generous 50 cubic feet to stow everything from grocery hauls to luggage for your next weekend getaway. Utilize the cargo area to the fullest thanks to 60/40 split-folding rear seats, as well as the available cargo management system, which has an adjustable load floor and shelf.

2022 FORD ECOSPORT

Safety Options

Enjoy your daily travels with peace of mind, all thanks to available Ford Co-Pilot360™ technology. This lineup of driver assistance features helps you navigate tricky driving situations with more confidence.

Available Ford Co-Pilot360 features include:

- BLIS® (blind spot information system) with cross-traffic alert
- Rear parking sensor
- Hill start assist

Should a collision occur, the Ford EcoSport comes with the SOS Post-Crash Alert System™, which notifies emergency services and requests personnel if necessary. Have a new driver in your household? Standard MyKey® technology encourages responsible driving habits for those who aren't as experienced.
